Subject: Commission File No: 726931 for Complaint with SunRun

Dear Ravi Jain:

The Consumer Affairs Branch (CAB) of the California Public Utilities Commission (CPUC) received your request for assistance regarding **SunRun**. CAB assists consumers with resolving complaints about California investor-owned communications, electricity, gas and water utilities. The CPUC has jurisdiction over most, but not all, utility operations.

Your complaint regarding Sunrun technicians disconnecting your residential solar system does not fall within the jurisdiction of the CPUC and we are unable to assist you. However, we reviewed and researched your request and determined that the most effective means for further assistance is for you to contact:

California State Licensing Board
cslb.ca.gov
800-321-2752

We regret that we cannot be of further assistance in this matter.

Sincerely,

Written Operations Unit
