Onboarding Process for Managed IT Services

The onboarding process to managed IT services is a step-by-step approach designed to integrate IT solutions seamlessly into your business operations. It ensures a clear understanding of your company's needs and lays the foundation for long-term success. Below is an outline of the onboarding stages:

1. Introduction

- Kickof Meeting: Establishing a collaborative relationship between your company and the managed IT service provider.
- Team Alignment: Introduction to the dedicated IT support team and key points of contact.
- Goal Setting: Discussing your business objectives, IT pain points, and expectations for managed services.

2. Setup of Tools

- IT Environment Preparation: Identifying existing systems and ensuring compatibility with managed IT tools.
- Account Configuration: Setting up secure access to ticketing systems, monitoring platforms, and communication tools.
- Communication Channels: Establishing processes for reporting issues, escalating critical needs, and providing feedback.

3. Installation of Tools

- Deployment of Monitoring Systems: Installing software to oversee network performance, security, and system health in real-time.
- Security Enhancements: Implementation of firewalls, antivirus, endpoint protection, and encryption solutions.
- Automation Setup: Configuring tools for patch management, backup scheduling, and routine maintenance.

4. Discovery and Review

- Comprehensive Audit: An in-depth review of your existing IT infrastructure, including hardware, software, and network configurations.
- Gap Analysis: Identifying vulnerabilities, ineiciencies, and areas for improvement.
- Compliance Check: Ensuring all systems align with regulatory requirements and industry standards.

5. Company Roadmapping

- Custom IT Strategy: Developing a tailored roadmap that aligns IT solutions with your business goals.
- Short-Term Priorities: Addressing immediate concerns and setting milestones for quick wins.
- Long-Term Planning: Outlining strategies for scalability, technology upgrades, and proactive support.

Managed Service Plan	Managed IT Services
Included Remote Hours	Unlimited
Included Onsite Hours	Zero
Agreement Term	36 Months

Terms of Agreement

- This agreement is between AmPac Tristate CDC, herein referred to as Client, and Circle MSP, referred to as Service Provider.
- This agreement will be effective upon the date signed unless otherwise stated.
- This agreement shall remain in force for a period of 36 months.
